

SKILLS DEVELOPMENT SERIES

IMPROMPTU SPEAKING WITH CONFIDENCE, CONVICTION & CLARITY

1-Day Training Workshop

Do you freeze up and panic when asked to speak on the spot? Being unexpectedly called upon to address a group, respond to questions, or offer your views at a moment's notice can be unsettling for anyone.

Those who are able to speak confidently, intelligently, and persuasively without preparation win the respect of everyone in the room.

There are numerous occasions in business and socially where you may be asked to speak without warning. You can learn simple techniques for collecting your thoughts quickly and speaking convincingly in any of these situations.

This workshop features a variety of impromptu speaking exercises to help you speak on the spot in a host of different business and social settings.

"I found the templates very helpful. My issue is that of "freeze" or find my mind going "Huh" when asked to speak suddenly. The templates gave me a very good and easy way to organise my thoughts on that and can deliver a fluid and more polished answer/speech."

OUR EXECUTIVE TRAINER

Mr David Goldwich

David is a “reformed” lawyer who is committed to helping people get what they want by teaching them how to play the negotiation game and be assertive, compelling, persuasive communicators.

David has MBA and JD degrees from accredited and respected bricks-and-mortar universities. He practiced law in the United States for more than ten years, arguing before judges and political, government, and community bodies. He knows how to persuade the toughest audiences. David is trained as a mediator and has managed small businesses as well.

Recognising that lawyers perpetuate rather than solve problems, David began lecturing and training in 1995. He has taught at the tertiary level in the USA and in Singapore. As a trainer, David applies the “80/20 Rule” by identifying the few critical tools necessary for the greatest improvement and presenting them in a form that is easy to learn and simple to use. An engaging and award-winning speaker, David uses humor and stories culled from his own experience as a lawyer, businessman, and father to help people reach breakthrough changes in their personal and professional lives. He is the author of three books and numerous articles in his field of expertise.
